Note 1 - Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

Molina Healthcare of Michigan, Inc. (the Plan) was incorporated under the laws of the state of Michigan on February 12, 1997. The Plan is a wholly owned subsidiary of Molina Healthcare, Inc. (Molina), a multi-state managed care organization that arranges for the delivery of health care services to persons eligible for Medicaid, Medicare, the Health Insurance Marketplace (Marketplace), and other government-sponsored health care programs for low-income families and individuals.

The Plan is a health maintenance organization (HMO), licensed in the state of Michigan, that provides comprehensive health care services to Medicaid enrollees under contracts with the Michigan Department of Community Health (MDCH) and Medicare enrollees under its contract with the Centers for Medicare and Medicaid Services (CMS) in exchange for monthly interim payments. The Plan or MDCH may terminate the Medicaid contract with 60-day written notice. The Plan participates in the Medicare-Medicaid Plans (MMP), CMS's demonstration programs to integrate Medicare and Medicaid services for dual-eligible individuals. The plan also serves individuals through the state's Marketplace. In some instances, the Marketplace allows individuals to purchase health insurance that is federally subsidized. Such contracts represent the majority of the Plan's source of premium income for the years ended December 31, 2018 and 2017.

The Plan contracts with independent physician associations, hospitals and other providers to provide medical services to its members. As an HMO, the Plan is at risk for all covered outpatient and inpatient claims incurred by its beneficiaries.

The financial statements of the Plan are presented on the basis of accounting practices prescribed or permitted by the State of Michigan, Department of Insurance and Financial Services (the Department).

The Department recognizes only statutory accounting practices prescribed or permitted by the state of Michigan for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Michigan insurance law. The National Association of Insurance Commissioners' Accounting Practices and Procedures Manual (NAIC SAP or the Manual) has been adopted as a component of prescribed or permitted practices by the state of Michigan.

Such prescribed accounting practices have no significant effect on the Plan's statutory basis financial statements for the periods presented.

B. Use of Estimates in the Preparation of the Financial Statement

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

C. Accounting Policy

The Plan applies the following accounting policies:

- (1) Basis for Short-Term Investments: Short-term investments consist primarily of U.S. treasury notes and investments in corporate debt securities with maturity dates of greater than three months but less than one year at the time of acquisition. The basis of short-term investments is the same as for bonds as stated in Note C(2) below.
- (2) Basis for Bonds and Amortization Schedule: Bonds include U.S. government and other debt securities with maturity dates of greater than one year at the time of purchase. Bonds not backed by other loans are principally stated at amortized cost using the scientific method. Bonds with NAIC designations of one or two are stated at amortized cost. Bonds with NAIC designations of three or higher are stated at the lower of amortized cost or fair value. Amortization of bond premium or accretion of discount is computed using the scientific (constant-yield) interest method. Realized capital gains and losses are determined using the specific-identification method and were not significant for the years ended December 31, 2018 and 2017. There were no significant unrealized gains or losses on investments, and the Plan recognized no losses from other-than-temporary impairments for the years ended December 31, 2018 and 2017.
- (3) Investments in common stock: None.
- (4) Investments in preferred stock: None.
- (5) Investments in mortgage loans: None.
- (6) Basis for Loan-Backed Securities and Adjustment Methodology: None.
- (7) Investments in subsidiaries, controlled or affiliated companies: None.

- (8) Investments in joint ventures, partnerships and limited liability companies: None.
- (9) Investments in derivatives: None.
- (10) Anticipated Investment Income Used in Premium Deficiency Calculation: The Plan assesses the profitability of its medical care policies to identify groups of contracts where current operating results or forecasts include probable future losses. The Plan anticipates investment income as a factor in the premium deficiency calculation, in accordance with Statement of Statutory Accounting Principles (SSAP) No. 54, *Individual and Group Accident and Health Contracts*. If anticipated future variable costs exceed anticipated future premiums and investment income, a premium deficiency reserve is recogmized. Refer to Note 30 Premium Deficiency Reserves for further information.
- (11) Management's Policies and Methodologies for Estimating Liabilities for Losses and Loss/Claim Adjustment Expenses for Accident & Health Contracts: Claims unpaid and unpaid claims adjustment expenses represent management's best estimate of the ultimate net cost of all reported and unreported claims incurred through December 31. Claims unpaid are based on actual historical experience and estimates of medical expenses incurred but not paid (IBNP). The Plan employs its own actuaries to estimate IBNP monthly based on a number of factors, including prior claims experience, health care service utilization data, cost trends, product mix, seasonality, prior authorization of medical services, and other factors. The Plan also considers uncertainties related to fluctuations in provider billing patterns, claims payment patterns, membership, and medical cost trends. The Plan continually reviews and updates the estimation methods and the resulting reserves. Any adjustments to reserves are reflected in current operations. Many of the Plan's medical contracts are complex in nature and may be subject to differing interpretations regarding amounts due for the provision of various services. Such differing interpretations may not come to light until a substantial period of time has passed following the contract implementation, leading to potential adjustment of some costs in the period in which they are first recorded. The Plan believes that its process for estimating IBNP is adequate, but all estimates are subject to uncertainties. Any deficiency in the Plan's estimates of IBNP would negatively affect its results of operations. Refer to Note 25, "Change in Incurred Claims and Claim Adjustment Expenses," for further information.
- (12) Changes in the Capitalization Policy and Predefined Thresholds from Prior Period: The Plan has not modified its capitalization policy from the prior period.

Electronic data processing (EDP) equipment and software, which is non-admitted, is depreciated using the straight-line method over the lesser of its useful life or three years. Depreciation expense related to EDP equipment and operating system software totaled \$242,797 and \$244,383 for the years ended December 31, 2018 and 2017, respectively.

Furniture and equipment and leasehold improvements, which are non-admitted, are generally depreciated using the straight-line method over the estimated useful lives of the assets. Depreciation expense related to furniture and equipment and leasehold improvements totaled \$618,936.and \$621,345 for the years ended December 2018 and 2017, respectively.

(13) Method Used to Estimate Pharmaceutical Rebate Receivables: Amounts receivable for pharmaceutical rebates are estimated based upon historical and current utilization of precription drugs and contract terms. Income from pharmaceutical rebates is reported as a reduction of hospital and medical expenses in the statutory basis statements of revenues and expenses. The Plan admits estimated pharmaceutical rebate receivables relating to the three months immediately preceding the reporting date in accordance with SSAP No. 84, Certain Health Care Receivables and Receivables Under Government Insured Plans. Refer to Note 28, "Health Care Receivables" for further information.

The Plan has also deemed the following to be significant accounting policies and/or differences between statutory practices and accounting principles generally accepted in the United States of America (GAAP):

Cash and Invested Assets

Cash and cash equivalents are defined as cash and short-term highly liquid investments that are both readily convertible into known amounts of cash and so near maturity that they represent insignificant risk of changes in value because of changes in interest rates. Cash overdraft balances are recorded as a reduction to cash, whereas under GAAP cash overdraft balances would be classified as liabilities. Only investments with original maturities of three months or less when purchased qualify under this definition with the exception of money market mutual funds registered under the Investment Company Act of 1940 (the Act) and regulated under rule 2a-7 of the Act as described in SSAP 2R, Cash, Cash Equivalents, Drafts and Short-Term Investments. Under GAAP, the corresponding caption of cash, cash equivalents, and short-term investments include cash balances and investments that will mature in one year or less from the balance sheet date.

Investments in bonds are reported at amortized cost or fair value based on their NAIC designation. Under GAAP, investments in bonds are grouped into three separate categories for accounting and reporting purposes: available-for-sale securities, held-to-maturity securities, and trading securities. Available-for-sale securities are recorded at fair value and unrealized gains and losses, if any, are recorded in stockholders' equity as other comprehensive income, net of applicable income taxes. Held-to-maturity securities are recorded at amortized cost, which approximates fair value, and unrealized holding gains or losses are not generally recognized. Realized gains and losses and unrealized losses judged to be other than temporary with respect to available-for-sale and held-to-maturity securities are included in the determination of net income. Trading securities are recorded at fair value, and holding gains and losses are recognized in net income.

Premiums Due and Unpaid

Premiums due and unpaid at December 31, 2018 and 2017, consist primarily of amounts due from MDCH and CMS. Receivables are stated at net realizable value based on management's judgment of the ultimate collectibility of the accounts. Collection trends are monitored and any adjustments required are reflected in current earnings. All premiums receivable balances outstanding greater than 90 days due, with the exception of premiums due from governmental agencies, are non-admitted in accordance with NAIC SAP.

Net Deferred Tax Assets or Liabilities

The Plan follows the guidance of SSAP No. 101, *Income Taxes*, for deferred income taxes. Deferred tax assets and liabilities are recorded for temporary differences between the tax basis of assets and liabilities and their amounts reported on the financial statements, using statutory rates in effect for the year in which the differences are expected to reverse. The effect on deferred tax assets and liabilities of a change in tax rates is recognized as a change in surplus in the period that includes the enactment date. SSAP No. 101 includes a valuation allowance criterion whereby only gross deferred tax assets that are more likely than not (defined as a likelihood of more than 50%) to be realized are potentially admissible, subject to certain limitations and admissibility tests. Under GAAP, a deferred tax asset is recorded for the amount of gross deferred tax assets expected to be realized in future years, and a valuation allowance is established for deferred tax assets not realizable.

The Plan recognizes the financial statement benefit of a tax position after determining that the relevant tax authority would more likely than not sustain the position following an audit, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement. Interest and penalties, if incurred, are recognized in the statutory basis statements of revenues and expenses as federal income tax expense. The Plan has not recognized any interest, penalties or income tax contingencies for the years ended December 31, 2018 and 2017.

Goodwill and Intangible Assets

The Plan records admitted goodwill in accordance with SSAP No. 68, *Business Combinations and Goodwill*. Under SSAP No. 68, goodwill is admitted subject to an aggregate limitation of 10% of adjusted surplus, and excess goodwill is non-admitted. Goodwill is amortized using the straight-line method over a period not to exceed 10 years. Under U.S. GAAP, goodwill is not amortized but is assessed for impairment on an annual basis, or more frequently if circumstances indicate that a possible impairment has occurred. Amortization expense related to admitted and non-admitted goodwill and intangible assets is included in general administrative expenses and amounted to \$3,918,655 for both years ended December 31, 2018 and 2017. Intangible assets are not admitted. Amortization expense related to non-admitted intangible assets was \$6,057,860 for both years ended December 31, 2018 and 2017. Refer to Note 3, "Business Combinations and Goodwill" for further information.

Receivables from or Amounts Due to Parents. Subsidiaries and Affiliates

The Plan has various transactions with related parties. The Plan reports any unsettled amounts due as receivables from parent, subsidiaries and affiliates and unsettled amounts owed as amounts due to parent, subsidiaries and affiliates. Refer to Note 10, "Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties" for further information.

Amounts Receivable Relating to Uninsured Plans and Liability for Amounts Held Under Uninsured Plans

Amounts receivable relating to uninsured plans are amounts due from, and liability for amounts held under uninsured plans are amounts due to CMS. Such amounts relate to reinsurance subsidies for Medicare members with high drug costs, and/or premium or cost-sharing subsidies for qualifying low-income Medicare members' prescription drug benefits. The Plan is fully reimbursed by CMS and there is no risk to the Plan.

Accrued Retrospective Premiums and Contracts Subject to Redetermination and Aggregate Health Policy Reserves

Accrued retrospective premiums and contracts subject to redetermination, and aggregate health policy reserves relate to amounts recorded under various programs and contractual provisions discussed in Note 24, "Retrospectively Rated Contracts and Contracts Subject to Redetermination".

Net Premium Income and Change in Reserve for Rate Credits

The Plan recognizes premiums from members as income in the period for which health plan coverage relates. Premiums collected in advance of a coverage period are recorded as premiums received in advance. Premium revenue is fixed in advance of the periods covered and, except as described below and in Retrospectively Rated Contracts and Contracts Subject to Redetermination, is not generally subject to significant accounting estimates.

Medical cost floors (medical loss ratio) and corridors: For certain Medicaid premiums, amounts may be returned to MDCH if certain minimum amounts are not spent on defined medical care costs, or the Plan may receive additional premiums if amounts spent on medical care costs exceed a defined maximum threshold. Additionally, sanctions may be levied by MDCH if the amounts spent on medical care costs as a percentage of premiums are not within a specified range. These sanctions include the requirements to file a corrective action plan as well as an auto assignment freeze. The Plan may be required to return a portion of Medicare and Marketplace premiums if certain minimum amounts are not spent on defined medical care costs in accordance with the requirements established by the federal government.

Quality incentive premiums: Under the Plan's contract with the MDCH, 1% of Medicaid premiums and 2% of Dual Eligible premiums are withheld and paid to the Plan subject to certain performance bonus measures being met.

Medicare Revenue Risk Adjustment: The Plan's Medicare revenue is subject to retroactive increase or decrease based on the health status of its Medicare members (as measured by member risk score). The Plan estimates its members' risk scores and the related amount of Medicare revenue that will ultimately be realized for the periods presented based on its knowledge of its members' health status, risk scores and CMS practices.

Risk Sharing Provisions of the Affordable Care Act: Under the risk sharing provisions of the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (collectively, the Affordable Care Act, or ACA), Marketplace premiums are subject to redetermination through the risk adjustment program in which risk scores are used to determine the final premium amount.

Medicaid Pass-through Payments

The Plan receives certain payments from the Medicaid program, which are fully passed through to designated providers. The Plan therefore serves as a fiscal intermediary between the state and providers and does not assume insurance risk in such arrangements. The Plan received pass-through payments amounting to \$109,659,140 and \$340,059,246 in 2018 and 2017, respectively, which are recognized as net premium income, with an aggregate corresponding charge recognized in hospital and medical and general administrative expenses. The Plan received pass-through payments amounting to \$299,620,567 and \$0 in 2018 and 2017, respectively, which are not reflected as revenue or expenses in the income statement. Refer to Note 2, "Accounting Changes and Correction of Errors" and Note 18, "Gain or Loss to the Reporting Entity from Uninsured Plans and the Uninsured Portion of Partially Insured Plans" for further information.

Hospital and Medical Expenses

Medical care costs include primarily fee-for-services expenses. Nearly all hospital services and the majority of the Plan's primary care and physician specialist services are paid on a fee-for-service basis. Under fee-for-service arrangements, the Plan retains the financial responsibility for medical care provided and incurs costs based on actual utilization of services. Such expenses are recorded in the period in which the related services are dispensed. Medical care costs include amounts that have been paid by the Plan through the reporting date, as well as estimated liabilities for medical care costs incurred but not paid by the Plan as of the reporting date. See below for further information.

The Plan has also entered into agreements to pay a fixed capitated amount per member per month with certain providers. These payments are expensed in the period the providers are obligated to provide the service.

The Plan has contracts with medical provider organizations that require incentive payments if certain provisions of the contracts are met, and it records estimates for such incentive payments.

Reinsurance

The Plan has an excess risk reinsurance agreement with a non-affiliated company to limit its risk of catastrophic losses and its exposure to large claims by individuals with chronic or high cost conditions. The Plan maintains medical claims reinsurance with a deductible of \$1,300,000 for Medicaid and Marketplace

and \$650,000 for Medicare. The reinsurance pays 90% of losses in excess of the deductible. The annual limit for Medicaid and Medicare is \$2,000,000 per member per year, and is unlimited for Marketplace. Reinsurance expense is reported as a reduction of net premium income, and amounted to \$573,140 and \$647,679 for the years ended December 31, 2018 and 2017, respectively. Due to its participation in the Marketplace, the Plan was also part of the ACA Transitional Reinsurance Program. Refer to Note 24,"Restrospectively Rated Contracts and Contracts Subject to Redetermination" for further information. Reinsurance recoveries not received as of year-end are recorded as either amounts recoverable from reinsurers or a reduction to claims unpaid in the statutory basis statements of admitted assets, liabilities, capital and surplus.

Reinsurance contracts do not relieve the Plan from its obligations to subscribers. The Plan remains liable to its subscribers for the portion reinsured to the extent that the reinsurance company does not meet the obligations assumed under the reinsurance contract.

Concentrations

The Plan has cash and invested assets deposited in financial institutions in which the balances exceed the Federal Deposit Insurance Corporation insured limit. The Plan has not experienced any losses in such accounts and management believes it is not exposed to any significant credit risk. The Plan's investments and a portion of its cash are managed by professional portfolio managers operating under documented investment guidelines.

Concentration of credit risk with respect to receivables is limited because the Plan's primary payors are MDCH and CMS.

Risks and Uncertainties

The Plan's sole Medicaid customer is MDCH. The loss of its contract with MDCH would have a material adverse effect on the Plan's financial position, results of operations and cash flows. The Plan's ability to arrange for the provision of medical services to its members is dependent upon its ability to develop and maintain adequate provider networks. The inability to develop or maintain such networks could, in certain circumstances, have a material adverse effect on the Plan's financial position, results of operations or cash flows.

The Plan's profitability depends in large part on accurately predicting and effectively managing medical care costs. Management continually reviews the Plan's premium and benefit structure as well as its underlying claims experience and revised actuarial data. However, several factors could adversely affect medical care costs. These factors, which include changes in health care practices, inflation, new technologies, major epidemics, natural disasters and malpractice litigation, are beyond the Plan's control and could adversely affect its ability to accurately predict and effectively control medical care costs. Costs in excess of those anticipated could have a material adverse effect on the Plan's financial condition, results of operations or cash flows.

The Plan is subject to thorough and extensive regulations by multiple state and federal agencies. Its failure to comply with various regulations and requirements could limit the Plan's revenue or increase costs. In certain circumstances, a failure to comply with regulations or the cost incurred in complying with regulations could have a material adverse effect on the Plan's financial position, results of operations or cash flows.

Cash Flow

The statutory basis statements of cash flow reconcile cash, cash equivalents, and short-term investments with maturity dates of one year or less at the time of acquisition; whereas under GAAP, the statements of cash flow reconcile the corresponding captions of cash and cash equivalents with maturities of three months or less. In addition, there are classification differences within the presentation of the cash flow categories between GAAP and statutory reporting.

Comprehensive Income

The presentation of the statutory basis statements of admitted assets, liabilities, capital and surplus is not in conformity with U.S. GAAP with respect to the reporting of other comprehensive income.

Minimum Capital and Surplus

Section 500.3551 of the Michigan Insurance Code requires that the Plan to maintain a minimum capital and surplus in an amount that is the greater of \$1,500,000, 4% of annual revenue, or 3 months uncovered expenses. At December 31, 2018 and 2017, the Plan was in compliance with the minimum capital and surplus requirement.

The NAIC adopted Risk Based Capital (RBC) standards to measure the minimum amount of capital appropriate for a managed care organization to support its overall business operations. The state of Michigan has passed legislation to adopt RBC. At December 31, 2018 and 2017, the Plan was in compliance with the minimum RBC requirement.

D. Going Concern

The Plan is not aware of any relevant conditions or events that raise substantial doubt about its abilities to continue as a going concern.

Note 2 - Accounting Changes and Correction of Errors

Until the second quarter of 2018, certain Medicaid pass-through amounts were reported as both revenues and hospital and medical costs in Lines 2 and 18, respectively, of the Statement of Revenue and Expenses. These amounts are now reported as Administrative Services Only (ASO) business, and are reported in Note 18. Additionally, amounts received for reimbursement of premium taxes were also previously reported as premium revenue. Beginning with the second quarter of 2018, these amounts are being treated as fees for ASO business and are being deducted from general administrative expenses in line 21 of the Statement of Revenue and Expenses. This accounting change was at the direction of the Department, and does not affect any previously reported periods. The amounts reported as hospital and medical costs and the corresponding revenue were \$340,059,246 for 2017 and \$23,099,819 for the first quarter of 2018. The \$23,099,819 just referenced should have been \$109,659,140. This was corrected in the second quarter filing. The corresponding amount reported as ASO business in the second, third and fourth quarter of 2018 was \$299,620,567. The amount received as reimbursement for premium taxes was \$3,874,671 for 2017 and \$225,486 for the first quarter of 2018. The \$225,486 just referenced should have been \$1,099,823. This amount was corrected in the second quarter filing.

Note 3 – Business Combinations and Goodwill

A. Statutory Purchase Method

On September 1, 2015, the Plan closed on its acquisition of the Medicaid and MIChild contracts, and certain provider agreements, of HealthPlus of Michigan and its subsidiary, HealthPlus Partners, Inc.

On January 1, 2016, the Plan closed on its acquisition of the Medicaid and MIChild membership, and certain Medicaid and MIChild assets, of HAP Midwest Health Plan, Inc.

The transaction was accounted for as a statutory purchased, and reflects the following:

1	2	3	4	5	6	7
					Amount of	Admitted
					Goodwill	Goodwill as a %
				Admitted	Amortized	of SCA BACV,
			Original Amount	Goodwill as of	During the	Gross of

Totals	\$	346,692,897	\$	346,189,654	

- A. Mortgage Loans, including Mezzanine Real Estate Loans: None.
- B. Debt Restructuring: None.
- C. Reverse Mortgages: None.
- D. Loan-Backed Securities:

⁽¹⁾ For fixed-rate agency mortgage-backed securities, Clearwater Analytics calculates prepayment speeds utilizing Mortgage Industry Advisory Corporation (MIAC) Mortgage Industry Medians (MIMs). MIMs are derived from a semi-monthly dealer-consensus survey of long-term prepayment projections. For other mortgage-backed, loan-backed, and structured securities, Clearwater utilizes prepayment assumptions from Moody's Analytics. Moody's applies a flat economic credit model and utilizes a vector of multiple monthly speeds as opposed to a single speed for more robust projections. In instances where Moody's projections are not available, Clearwater uses data from Reuters, which utilizes the median prepayment speed from contributors' models. (2), (3) Recognized other-than-temporary impairment (OTTI) securities: None.

- (4) All impaired securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains):
- Because the decline in the market values of the securities was not due to the credit quality of the issuers, and because the Plan does not intend to sell nor does it expect to be required to sell these securities before a recovery in their cost basis, the Plan does not consider the securities to be other-than-temporarily impaired at December 31, 2018.

Net Deferred Tax Assets (2i – 3c)	\$ 5,606,258	\$ 5,480,640	\$ 125,618

The change in net deferred income taxes is comprised of the following (this analysis is exclusive of nonadmitted assets as the change in nonadmitted assets is reported separately from the change in deferred income taxes in the surplus section of the Annual Statement):

	12/31/2018	12/31/2017	Change
Total deferred tax assets	14,736,391	16,399,680	(1,663,289)
Total deferred tax liabilities	(275,449)	(26,746)	(248,703)
Net deferred tax asset (liability)	14,460,942	16,372,934	(1,911,992)
Tax effect of unrealized (gains)/losses	-	-	-
Change in net deferred income tax assets - increase (decrease)		_	(1,911,992)

The Tax Cuts and Jobs Act (TCJA) was enacted on December 22, 2017. The TCJA, in part, reduced the U.S. federal corporate tax rate from 35% to 21% effective January 1, 2018. The TCJA's change in the federal rate required that the Plan remeasure deferred tax assets and liabilities based on the rates at which they are expected to reverse in the future, which is generally the new 21% federal corporate tax rate. As of December 31, 2017, the Plan had not completed its accounting for all of the enactment-date income tax effects of the TCJA for the remeasurement of deferred tax assets and liabilities and recorded a provisional amount of \$10.9 million. Upon further analysis of certain aspects of the TCJA and refinement of calculations during the 12 months ended December 31, 2018, the Plan adjusted the provisional amount downward by \$608,000, which is included as a component of income tax expense from continuing operations. The Plan has now completed its accounting for all of the enactment-date income tax effects of the TCJA.

The Plan is subject to taxation in the United States and the state of Wisconsin. With few exceptions, the Plan is no longer subject to U.S. federal examinations for tax years before 2015 and state or local examination for tax years before 2014...

D. Reconciliation of Federal Income Tax Rate to Actual Effective Rate Among the more significant book to tax adjustments were the following:

The provision for federal and foreign income taxes incurred is different from that which would be obtained by applying the statutory federal tax rate to income before income taxes. The significant items causing this difference are as follows:

	Tax Effect	Effective Tax Rate
Taxes on income at federal statutory tax rate Changes in nonadmitted assets Non-deductible health insurance providers fee Other	28,184,577 2,579,064 8,056,240 (190,319)	21.00% 1.92% 6.00% -0.14%
Reported tax expense	38,629,562	28.78%
Federal and foreign income taxes incurred Federal income tax on net capital gains Change in net deferred income taxes Total statutory income taxes	36,721,018 (3,448) 1,911,992 38,629,562	27.36% 0.00% 1.42% 28.78%

E. Operating Loss and Tax Credit Carryforwards and Protective Tax Deposits

Unused operating loss carryforwards available to offset against future taxable income:

I	Year	Amount	
ĺ	2018	\$ -	
	2017	\$ 7,638	

The amount of federal income taxes incurred that will be available for recoupment in the event of future net losses is approximately:

Year	Amount
2018	\$ 38,432,296
2017	\$ 17,616,578

The Plan did not have any protective tax deposits under Section 6603 of the Internal Revenue Code.

F. Consolidated Federal Income Tax Return

The Plan is included in the consolidated federal income tax return with its ultimate parent, Molina. The entities included within the consolidated return are included in NAIC Statutory Statement Schedule Y – Information Concerning Activities of Insurer Members of a Holding Company Group. Federal income taxes are paid to or refunded by Molina pursuant to the terms of a tax-sharing agreement, approved by the Board of Directors, under which taxes approximate the amount that would have been computed on a separate company basis, with the exception of net operating losses and capital losses. For these losses the Plan receives a benefit at the federal rate in the current year for current taxable losses incurred in that year to the extent losses can be utilized in the consolidated federal income tax return of Molina.

G. Federal or Foreign Federal Income Tax Loss Contingencies:

The Plan does not have any tax loss contingencies for which it is reasonably possible that the total liability will significantly increase within twelve months of the reporting date.

- H. Repatriation Transition Tax (RTT) RTT owed under the TCJA: None.
- I. Alternative Minimum Tax (AMT Credit): None.

Note 10 - Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

- A. The Plan is a wholly owned subsidiary of Molina. Molina and its subsidiaries provide quality managed care to people receiving government assistance. Molina offers healthcare services for persons served by Medicaid, Medicare, and the Marketplace, and products to assist government agencies in their administration of the Medicaid program. Molina has wholly owned operating subsidiaries in various states as indicated in Schedule Y, Parts 1 and 1A.
- B.-C. The Plan paid extraordinary dividends amounting to \$33,000,000 to Molina in the year ended December 31, 2018. The Plan paid ordinary dividend amounting to \$30,903,722 and extraordinary dividends of \$19,096,278 to Molina in the year ended December 31, 2017.

The Plan has an agreement with Molina whereby Molina provides certain management services to the Plan. Expenses incurred relating to this agreement amounted to \$115,734,592 and \$122,747,381 for the years ended December 31, 2018 and 2017, respectively.

The Plan leases office space from Molina Healthcare of California, a subsidiary of Molina that commenced in 2016. Rental payments for this lease amounted to \$1,900,000 for both years ended December 31, 2018 and 2017.

- D. As of December 31, 2018 and 2017, amounts due to Molina and affiliates totaled \$4,076,390 and \$5,789,697, respectively. Intercompany receivables and payables are generally settled on a monthly basis.
- E. The Plan is not a guarantor and does not participate in any undertakings.
- F. The Plan has a services agreement with Molina, as described in Note 10.C. above.
- G. As indicated in Note 10.A. above, the Plan is a wholly owned subsidiary of Molina. The entities under common ownership of Molina are indicated in Schedule Y, Parts 1 and 1A.
- H. Amount Deducted from the Value of Upstream Intermediate Entity or Ultimate Parent Owned: None.
- Investment in Subsidiary, Controlled or Affiliated ("SCA") Entity that Exceeds 10% of the Admitted Assets: None
- J. Investments in Impaired SCA Entities: None.
- K. Investment in Foreign Insurance Subsidiary: None.
- L. Investment in Downstream Noninsurance Holding Company: None.
- M. All SCA Investments: None.
- N. Investment in Insurance SCAs: None.
- O. SCA Loss Tracking: None.

Note 11 - Debt

- A. Debt Including Capital Notes: None.
- B. FHLB (Federal Home Loan Bank) Agreements: None.

Note 12 - Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

- A. -D. Defined Benefit Plan: None.
- E. Defined Contribution Plans: See Note 12.G. below.
- F. Multiemployer Plans: None.

- G. Consolidated/Holding Company Plans: The employees of the Plan are eligible to participate in a defined contribution 401(k) plan sponsored by Molina subject to the participation eligibility set forth in the plan. Eligible employees are allowed to contribute up to the maximum allowed by law. The Plan matches up to the first 4% of compensation contributed by the employees subject to a one-year cliff vesting requirement. The Plan has no legal obligation to provide benefits under the plan. The Plan's expense recognized in connection with the 401(k) plan was \$994,492 and \$1,301,111 for the years ended December 31, 2018 and 2017, respectively.
- H. Postemployment Benefits and Compensated Absences: None.
- I. Impact of Medicare Modernization Act on Postretirement Benefits (INT 04-17): None.

Note 13 - Capital and Surplus, Shareholder's Dividend Restrictions and Quasi-Reorganizations

- (1) The Plan has 200,000 shares of \$0 par value common stock authorized, 30,000 shares of Class B and 129,000 shares of Class A issued and outstanding. All issued and outstanding shares of common stock are held by Molina.
- (2) Preferred Stock: None.
- (3) Dividend Restrictions: The laws of the state of Michigan limit the payment and declaration of extraordinary and ordinary dividends. As set forth in the Michigan Insurance Code, without prior approval of its insurance commissioner, dividends may only be paid from earned surplus. Extraordinary dividends must be approved by the Department.
- (4) The Plan paid Molina an extraordinary dividend in cash amounting to \$33,000,000 on August 16, 2018. The Plan received approval from the Department on August 8, 2018.

The Plan paid Molina an ordinary dividend amounting to \$30,903,722 and extraordinary dividend amounting to \$19,096,278 on December 22, 2017. The Plan received approval from the Department on December 18, 2017.

- (5) Subject to the limitations of (3) above, no restrictions have been placed on the portion of the Plan's profits that may be paid as ordinary dividends to Molina.
- (6) Restrictions placed on Unassigned funds (Surplus): None.
- (7) Advances to Surplus not Repaid: None.
- (8) Stock Held for Special Purposes: None.
- (9) Changes in the balance of special surplus funds: In accordance with SSAP No. 106, *Affordable Care Act Assessments*, the Plan reclassifies an amount equal to the estimated health insurer fee due in the following calendar year from unassigned surplus to special surplus. Due to the moratorium on the health insurer fee for the 2019 calendar year, the Plan did not reclassify amounts to special surplus at December 31, 2018. The special surplus balance at December 31, 2017 represented the Plan's estimated health insurer fee for 2018
- (10) The portion of unassigned surplus or deficit, excluding the apportionment of estimated Section 9010 ACA subsequent fee year assessment, net income, and dividends, represented or reduced by each item below is as follows:

	2018 2017			Change	
\$	14,460,942	\$	16,372,936	\$	(1,911,994)
	(57,572,551)		(71,877,824)		14,305,273
\$	(43,111,609)	\$	(55,504,888)	\$	12,393,279
•	\$	\$ 14,460,942 (57,572,551)	\$ 14,460,942 \$ (57,572,551)	\$ 14,460,942 \$ 16,372,936 (57,572,551) (71,877,824)	\$ 14,460,942 \$ 16,372,936 \$ (57,572,551) (71,877,824)

- (11) Surplus Debentures or Similar Obligations: None.
- (12) The Impact of Any Restatement due to Prior Quasi-reorganizations: None.
- (13) The Effective Dates of All Quasi-reorganizations in the Prior 10 years: None.

Note 14 - Liabilities, Contingencies and Assessments

- Contingent Commitments: The Plan has no contigent commtments.
- B. Assessments: None.
- C. Gain Contingencies: None.
- D. Claims Related Extra Contractual Obligation and Bad Faith Losses Stemming from Lawsuits Total SSAP 97 and SSAP 48 Contingent Liabilities: None.
- E. Joint and Several Liabilities: None.
- F. All Other Contingencies: From time to time, the Plan may be involved in legal actions in the normal course of business, some of which involve a demand for both compensatory and punitive damages not covered by insurance. Currently, there are no pending or threatened actions which, to the knowledge and in the opinion of management and the Plan's counsel, would have a material adverse effect on the Plan's financial position, results of operations or cash flow.

The Plan routinely evaluates the collectability of all receivable amounts included in the statutory basis statements of admitted assets, liabilities, and capital and surplus. Impairment reserves are established for those amounts where collectability is uncertain. Based on the Plan's past experience, exposure related to uncollectible balances and the potential of loss for those balances not currently reserved for is not material to the Plan's financial position, results of operation or cash flow.

There are no assets that the Plan considers to be impaired at December 31, 2018 and 2017.

Note 15 - Leases

- A. Lessee Operating Lease
 - (1) The Plan leases office facilities and equipment under noncancelable long-term operating leases. Some of the leases contain escalation clauses and renewal options. Rental expense relating to these leases totaled \$2,103,569 and \$2,112,484 for the years ended December 31, 2018 and 2017, respectively.
 - (2) Leases with Initial or Remaining Noncancelable Lease Terms in Excess of One Year
 - a. At January 1, 2019 the minimum aggregate rental commitments are as follows:

Yea	r Ending December 31	Operating Leases
1.	2019	\$ 215,292
2.	2020	\$ 166,648
3.	2021	\$ 117,753
4.	2022	\$ 18,928
5.	2023	\$ -
6.	Total	\$ 518,621

- (3) For Sale-Leaseback Transactions: None.
- B. Lessor Leases: None.

Note 16 - Information about Financial Instruments with Off-Balance Sheet Risk and Financial Instruments with Concentrations of Credit Risk

None.

Note 17 - Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

- A. Transfers of Receivables Reported as Sales: None.
- B. Transfer and Servicing of Financial Assets: None.
- C. Wash Sales: None.

Note 18 - Gain or Loss to the Reporting Entity from Uninsured Plans and the Uninsured Portion of Partially Insured Plans

A. ASO Plans

The gain from operations from Administrative Services Only (ASO) uninsured plans and he uninsured portion of partially insured plans was as follows during 2018:

		ASO Uninsured Plans	Uninsured Portion of Partially Insured Plans		Total ASO
a.	Net reimbursement for administrative expenses (including administrative fees) in excess of actual expenses	\$	\$	385,107	\$ 385,107
b.	Total net other income or expenses (including interest paid to or received from plans)				
C.	Net gain or (loss) from operations			385,107	385,107
d.	Total claim payment volume	\$	\$	299,620,567	\$ 299,620,567

- B. ASC Plans: None.
- C. Medicare or Similarly Structured Cost Based Reimbursement Contract: The Medicare Part D program is a partially insured plan. The Plan recorded amounts receivable of \$1,008,286 and \$285,227 and a payable of \$0 and \$3,403,446 relating to unisured plans at December 31, 2018 and 2017, respectively, for cost reimbursements under the Medicare Part D program.

Note 19 - Direct Premium Written/Produced by Managing General Agents/Third Party Administrators

None.

Note 20 - Fair Value Measurements

The NAIC SAP defines fair value, establishes a framework for measuring fair value, and outlines the disclosure requirements related to fair value measurements. The fair value hierarchy is as follows:

Level 1 – Certain inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 – Certain inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specific (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in nonactive markets (few transactions, limited information, noncurrent prices, high variability over time, etc.);
- Inputs other than quoted prices that are observable for the asset (interest rates, yield curves, volatilities, default rates, etc.);
- Inputs that are derived principally from or corroborated by other observable market data.

Level 3 – Certain inputs are unobservable inputs for the asset or liability. Unobservable inputs shall be used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

Bonds and short-term investments are based on quoted market prices, where available

A. Fair Value Measurements

(1) Fair Value Measurements at Reporting Date: The Plan's assets measured and reported at fair value on a recurring basis are listed in the table below. The Plan receives monthly statements from investment brokers that provide market pricing. There were no transfers between Level 1 and Level 2 of the fair value hierarchy.

				Net Asset Value	
Description for Each Type of Asset or Liability	(Level 1)	(Level 2)	(Level 3)	(NAV)	Total
Assets at Fair Value					
Exempt money market mutual fund	\$	\$ 486,458	\$	\$	\$ 486,458
Other money market mutual fund	\$	\$ 3,554,888	\$	\$	\$ 3,554,888
Total	\$	\$ 4,041,346	\$	\$	\$ 4,041,346
Liabilities at Fair Value					
	\$	\$	\$	\$	\$
Total	\$	\$	\$	\$	\$

- (2) Fair Value Measurements in Level 3 of the Fair Value Hierarchy: None.
- (3) Policies when Transfers Between Levels are Recognized: None.
- (4) Fair value measurements categorized within Level 2 and Level 3: None.
- (5) Fair Value Disclosures: None.
- B. Fair Value Reporting under Statement of Statutory Accounting Principles ("SSAP") No.100, Fair Value Measurement, and Other Accounting Pronouncements: In addition to bonds and short-term investments (see below), the Plan's statutory basis balance sheets typically include the following financial instruments: investment income due and accrued, federal income tax recoverable (payable), receivables, and current liabilities. The Plan believes the carrying amounts of these financial instruments approximate the fair value of these financial instruments because of the relatively short period of time between the origination of the instruments and their expected realization or payment.
- C. Aggregate Fair Value Hierarchy

The aggregate fair value hierarchy of all financial instruments as of December 31, 2018 is presented in the table below:

	Aggregate Fair					Net Asset Value	Not Practicable
Type of Financial Instrument	Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	(NAV)	(Carrying Value)
Exempt money market mutual							
fund	\$ 486,458	\$ 486,458	\$	\$ 486,458	\$	\$	\$

- D. Not Practicable to Estimate Fair Value: None.
- E. NAV Practical Expedient Investments: None.

Note 21 - Other Items

- A. Unusual or Infrequent Items: None.
- B. Troubled Debt Restructuring Debtors: None.
- C. Other Disclosures and Unusual Items::

The state of Michigan is participating in CMS's dual eligible demonstration to integrate Medicare and Medicaid services for dual eligible individuals. The Plan refers to the demonstration as its Medicare-Medicaid Plan ("MMP") implementation. The Department has instructed the Plan to report all MMP results under the Medicare category.

Stock Plans

Under an equity incentive plan adopted by Molina, the Plan's employees may be awarded restricted stock or other equity incentives. Restricted stock awards generally vest in equal annual installments over periods of up to four years from the date of grant.

The Molina has an employee stock purchase plan under which the eligible employees of the Plan may purchase common shares at 85% of the lower of the fair market value of the Molina's common stock on either the first or last trading day of each six-month offering period. Each participant is limited to a maximum purchase of \$25,000 (as measured by the fair value of the stock acquired) per year through payroll deductions.

D. Business Interruption Insurance Recoveries: None.

- E. State Transferable and Non-Transferable Tax Credits: None.
- F Subprime Mortgage Related Risk Exposure: None.
- G. Retained Assets: None.
- Insurance-Linked Securities (ILS) Contracts: None. Η.

Note 22 - Events Subsequent

Type I – Recognized Subsequent Events: None.

Type II – Nonrecognized Subsequent Events:

The Plan is subject to an annual health insurer fee under section 9010 of the Federal Affordable Care Act (ACA). This annual fee is allocated to individual health insurers based on the ratio of the amount of the entity's net premiums written during the preceding calendar year to the amount of health insurance for any U.S. health risk that is written during the preceding calendar year. A health insurance entity's portion of the annual fee becomes payable once the entity provides health insurance for any U.S. health risk for each calendar year beginning on or after January 1 of the year the fee is due. Due to the moratorium on the health insurer fee for the 2019 calendar year, the Plan did not reclassify amounts to special surplus at December 31, 2018. The special surplus balance at December 31, 2017 represented the Plan's estimated health insurer fee for 2018.

Did the reporting entity write accident and health insurance premium that is subject to Section 9010

A.	Did the reporting entity write accident and health insurance premium that is subject to Section 90 to			
	of the Federal Affordable Care Act (YES/NO)?			Yes[X] No[]
			2018	2017
B.	ACA fee assessment payable for the upcoming year	\$		\$ 34,100,000

	W II " " AGA	0 (E0 (LIO) 0		\/ F 1 N F\/1

Would reporting the ACA assessment as of December 31, 2018 have triggered an RBC action level (YES/NO)? Η.

Yes [] No [X]

The Plan evaluated its December 31, 2018, statutory basis financial statements for subsequent events through February 27, 2019, the date the statutory basis financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in these statutory basis financial statements.

Note 23 - Reinsurance

Ceded Reinsurance Report A.

Section1 – General Interrogatories

- (1) Are any of the reinsurers listed in Schedule S as non-affiliated, owned in excess of 10% or controlled, either directly or indirectly, by the Plan or by any representative, officer, trustee, or director of the Plan? Yes [] No [X]
- Have any policies issued by the Plan been reinsured with a company chartered in a country other than the United States (excluding U.S. Branches of such companies) that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or any other person not primarily engaged in the insurance business? Yes [] No [X]

Section 2 - Ceded Reinsurance Report - Part A

- (1) Does the Plan have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credits? Yes [] No [X]
- Does the reporting entity have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies? Yes [] No [X]

Section 3 – Ceded Reinsurance Report – Part B

- What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the reinsurer may unilaterally cancel for reasons other than for nonpayment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate. \$0
- Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the Plan as of the effective date of the agreement? Yes [] No [X]
- B. Uncollectible Reinsurance: None.
- C. Commutation of Ceded Reinsurance: None.
- Certified Reinsurer Rating Downgraded or Status Subject to Revocation: None.

Note 24 – Retrospectively Rated Contracts and Contracts Subject to Redetermination

Based on member encounter data that the Plan submits to CMS, Medicare premiums are subject to retroactive increase or decrease based upon member A. – C. medical conditions for up to two years after the original year of service. The Plan estimates the amount of Medicare revenue that will ultimately be realized for the periods presented based on its knowledge of its members' health care utilization patterns and CMS practices. The Plan had net premiums written of \$411,131,616 and \$362,306,252 for its Medicare business for the years ended December 31, 2018 and 2017, representing 23.0% and 18.7% of total net premiums written in 2018 and 2017, respectively.

The Plan began serving members through the Marketplace in January 2014. Under the risk sharing provisions of the ACA, Marketplace premiums are subject to redetermination through the risk adjustment program in which the risk scores of enrollees are used to determine the final premium amount. In addition, Marketplace premiums are subject to retrospective rating through the risk corridor program in which the Plan and the Federal government share in loss experience above or below a specified range. The Plan estimates accrued retrospective premium adjustments for its Marketplace business through a

NOTES TO FINANCIAL STATEMENTS

mathematical approach with inputs that may include premiums, claims costs, administrative expenses, reinsurance recoveries, and risk adjustment transfer payments. The Plan had net premiums written of \$51,496,143 and \$50,087,090 for its Marketplace business for the years ended December 31, 2018 and 2017, representing 2.9% and 2.6% of the total net premiums written in 2018 and 2017, respectively.

In 2014, the state of Michigan expanded the Medicaid program to include certain adults not previously eligible for Medicaid. Under the Plan's contract with MDCH, it is required to spend a minimum percentage of premium revenue on allowed medical expenses. If the Plan's expenditures on allowed medical costs exceed a maximum percentage of premium revenue, the Plan may receive additional premiums from MDCH. The Plan estimates accrued retrospective premium adjustments for the Medicaid expansion program in accordance with such contractual requirements. The Plan had net premiums written of \$407,655,106 and \$395,299,637 for its Medicaid expansion business for the years ended December 31, 2018 and 2017, respectively, representing 22.8% and 20.4% of total net premiums written in 2018 and 2017, respectively.

Explanations of Adjustments

- B. Adjusted to reflect the final settlement amount communicated by CMS in July 2018.
 - (4) Roll-Forward of Risk Corridors Asset and Liability Balances by Program Benefit Year: None.
 - (5) ACA Risk Corridors Receivable as of Reporting Date: The Plan had no ACA risk corridor receivables for periods from 2014 to 2016.

Note 25 - Change in Incurred Losses and Loss Adjustment Expenses

A. Change in Incurred Losses and Loss Adjustment Expenses

The change in prior year estimated claims reserves represents favorable development in claims experience as of December 31, 2018 and 2017. Original estimates are increased or decreased as additional information becomes known regarding incurred reported claims. Claims unpaid activity during the current period is summarized below:

	Year ended 12/31/2018	Year ended 12/31/2017
Unpaid claims liabilities, accrued medical incentives, and claims adjustment expenses, beginning of period	\$ 202,577,482	\$ 255,163,227
Add provision for claims, net of reinsurance:		
Current year	1,408,421,769	1,699,283,856
Prior years	(18,123,123)	(14,383,401)
Net incurred claims during the current year	 1,390,298,646	1,684,900,455
Deduct paid claims, net of reinsurance:		
Current year	1,278,583,867	1,537,599,930

NOTES TO FINANCIAL STATEMENTS

Prior years Net paid claims during the current year	 139,080,002 1,417,663,869	 201,863,436 1,739,463,366
Change in claims adjustment expenses	(70,721)	(120,023)
Change in health care receivables	8,068,626	1,876,849
Change in amounts due from reinsurers	10,766	220,340
Unpaid claims liabilities, accrued medical incentives, and claims adjustment expenses, end of period	\$ 183,220,930	\$ 202,577,482

В. Information about Significant Changes in Methodologies and Assumptions:: The Plan did not make any significant changes in methodologies and assumptions used in the calculation of the liability for claims unpaid and unpaid Claim adjustment expenses in 2018 and 2017.

GENERAL INTERROGATORIES

PART 1 - COMMON INTERROGATORIES

Oppenheimer & Co.	U	
UBS Financial Services	U	
28.0597 For those firms/individuals listed in the table for Question 28.05, do any firms/individuals unaffiliated with the reporting entity		
(i.e. designated with a "U") manage more than 10% of the reporting entity's assets?	Yes [X]	No [

28.0598 For firms/individuals unaffiliated with the reporting entity (i.e. designated with a "U") listed in the table for Question 28.05, does the total assets under management aggregate to more than 50% of the reporting entity's assets?

Yes[X] No[]

5

28 06 For those firms or individuals listed in the table for 28.05 with an affiliation code of "A" (affiliated) or "U" (unaffiliated), provide the information

f	or the table below.			
	1	2	3	4

				Investment Management
Central Registration Depository Number	Name of Firm or Individual	Legal Entity Identifier (LEI)	Registered With	Agreement (IMA) Filed
249	Oppenheimer & Co.	, , ,	SEC	NO
8174	UBS Financial Services		SEC	NO

29 1 Does the reporting entity have any diversified mutual funds reported in Schedule D-Part 2 (diversified according to the Securities and Exchange Commission (SEC) in the Investment Company Act of 1940 [Section 5 (b) (1)])?

Yes[] No[X]

29.2 If yes, complete the following schedule:

29.3

1 CUSIP	2 Name of Mutual Fund	3 Book/Adjusted Carrying Value
		\$
29.2999 TOTAL		\$

For each mutual fund listed in the table above, complete the following schedule:

1	2	3	4
		Amount of Mutual Fund's	
Name of Mutual Fund	Name of Significant Holding	Book/Adjusted Carrying Value Attributable to the	
(from above table)	of the Mutual Fund	Holding	Date of Valuation
		\$	

30 Provide the following information for all short-term and long-term bonds and all preferred stocks. Do not substitute amortized value or statement value for fair value.

		1	2	Ex	3 ccess of Statement over Fair
		Statement (Admitted) Value	Fair Value	V	'alue (-), or Fair Value over Statement (+)
30.1	Bonds	\$ 307,679,929	\$ 307,176,687	\$	(503,242)
30.2	Preferred Stocks	\$ 0	\$ 0	\$	0
30.3	Totals	\$ 307,679,929	\$ 307,176,687	\$	(503,242)

30 4 Describe the sources or methods utilized in determining the fair values:

Fair values are provided by third party vendor, Clearwater Analytics, who uses unit prices published by the Securities Valuation Office of the NAIC (SVO) when available. For securities not priced by the SVO Clearwater Analytics receives pricing from S&P Capital IQ Pricing. Securities with short maturities and infrequent secondary market trades such as Commercial Paper and Certificates of Deposit, Clearwater will calculate prices by accreting the purchase price to face value at maturity.

Was the rate used to calculate fair value determined by a broker or custodian for any of the securities in Schedule D? 31.1

- Yes [] No [X]
- If the answer to 31.1 is yes, does the reporting entity have a copy of the broker's or custodian's pricing policy (hard copy or electronic 31.2 copy) for all brokers or custodians used as a pricing source?
- Yes [] No []

- 313 If the answer to 31.2 is no, describe the reporting entity's process for determining a reliable pricing source for purposes of disclosure of fair value for Schedule D:
- 32.1 Have all the filing requirements of the Purposes and Procedures Manual of the NAIC Investment Analysis Office been followed?

Yes [X] No []

32.2 If no. list exceptions:

35.2

- By self-designating 5GI securities, the reporting entity is certifying the following elements for each self-designation 5GI security: 33.
 - Documentation necessary to permit a full credit analysis of the security does not exist or an NAIC CRP credit rating for an FE or PL security is not available.
 - Issuer or obligor is current on all contracted interest and principal payments. b.
 - The insurer has an actual expectation of ultimate payment of all contracted interest and principal.

Has the reporting entity self-designated 5GI securities?

Yes [] No [X]

- By self-designating PLGI securities, the reporting entity is certifying the following elements of each self-designated PLGI security:
 - The security was purchased prior to January 1, 2018. a.
 - b. The reporting entity is holding capital commensurate with the NAIC Designation reported for the security.
 - The NAIC Designation was derived from the credit rating assigned by an NAIC CRP in its legal capacity as an NRSRO which is C. shown on a current private letter rating held by the insurer and available for examination by state insurance regulators.
 - The reporting entity is not permitted to share this credit rating of the PL security with the SVO.

Has the reporting entity self-designated PLGI securities?

Yes [] No [X]
